

Suzanne Wenzlaff, D.D.S.

A recipient of both the prestigious Mastership and Fellowship Awards of the Academy of General Dentistry, Dr. Suzanne Wenzlaff is a leader in the field of dentistry, providing a full range of general dentistry services to patients at her Hollywood-based office.

As a woman dentist, Dr. Wenzlaff is a true pioneer: In 1962, as one of the few women enrolled in the University of Southern California Dental School, Dr. Suzanne graduated in the top 10% of her class. Her academic achievements won her election into the prestigious OKU dental honorary fraternity.

While in Dental School, the doctor met Lou Wenzlaff, a fellow student. Two years later, they married and jointly began their careers in dentistry and life, establishing their private practice in 1970. Along with her practice, Dr. Suzanne received the honor of an appointment to the California State Board of Dental Examiners, serving in that capacity for ten years.

A firm believer in ongoing education in her practice, Dr. Suzanne, along with Dr. Lou, earned the prestigious Fellowship Award from the Academy of General Dentistry in 1993 after completing 500 hours of post-graduate study. And, in 1997, the two reached the highest honor a dentist can receive,

the Mastership Award from the AGD, after 1,100 hours of training. To date, the Wenzlaff's are the only dentists in the Hollywood area who have earned this distinction.

While her expertise in dentistry is diverse, Dr. Suzanne is best known for her light, gentle touch and ability to work on children. Over the years, she's contributed countless hours of time to perform health screenings at area schools and children's programs. She's also a strong civic leader, serving on the Board of Directors for both the Hollywood Chamber of Commerce and the Hollywood YMCA.

Dr. Wenzlaff is a member of many professional organizations including California Dental Association, American Dental Association, American Academy of Cosmetic Dentistry, and the American Association of Women Dentists as well as the Southern California business organization, Women's Referral Service. Her expertise in dentistry has been written up in Shape magazine and the Hollywood Independent newspaper and she's been interviewed by numerous TV and radio talk shows on different subjects.

In her free time, Dr. Wenzlaff enjoys jogging and providing piano accompaniment for the local Sunday School chorus. The Wenzlaffs have two sons: Andrew and Fred. Fred is a graduate of Cal Institute of the Arts while Andrew is presently attending Los Angeles County High School for the Arts.
